### #4- AUTHORIZATION RECOMMENDED BY ELECTION SECURITY TASK FORCE

Chairperson Cooney acknowledged Ms. Anna Roach, Chief Operating Officer of Fulton County, and requested Ms. Roach provide insight on this matter.

Ms. Anna Roach requested approval to ensure the security of the County's elections. Ms. Roach highlighted the goals of the Task Force. The evacuation procedures were developed as a part of the emergency response. The request is to delegate the authority to Director Barron to close, move, or established a polling locations in case of emergency from today, October 23 until Election Day, November 3<sup>rd</sup>.

Ms. Nuriddin noted that there are emergency guidelines written into the statute; Ms. Nuriddin asked how this is different?

Chairperson Cooney asked Ms. Nuriddin to clarify which statute she was referring to.

Ms. Nuriddin responded by noting the statute of Chairperson can call an emergency meeting within 24 hours

Chairperson Cooney explained that delegating this temporary authority would omit the call of a meeting and allow immediate action

Ms. Roach mentioned that this authorization will be utilized in cases of imminent threat

Ms. Nuriddin expressed the challenge she has providing this authority and the potential closing of polls with less than two weeks prior to an election and concerns of notification to the voters.

Ms. Ringer provided more clarity by ensuring changes would occur in extreme cases, i.e. bomb threat.

Ms. Nuriddin asked Mr. Barron in his tenure has anything like what was mentioned occurred?

**Mr. Barron** responded no

**Mr. Johnson** acknowledged the reasoning for giving **Director Barron** this authority to resolve emergency matters in extreme circumstances. **Mr. Johnson** mentioned that there are indications in the media that there is potential for Election Day disruptions and there needs to be a plan in place

**Dr. Ruth** added that **Director Barron** should ensure that the **Board** is informed of all matters

**Ms. Nuriddin** explained that all board members are required to be available on Election Day and what she doesn't want to occur is the **BRE** being notified by the news and not Mr. Barron.

**Attorney Ringer** explained that the task force assigned a Peace Officer to every polling location

**Ms. Nuriddin** expressed concerns of having Peace Officers, citing the appearance of voter intimidation.

**Ms. Nuriddin** agreed with the assignment but not with their involvement with the election operations.

**Chairperson Cooney entertained a motion to delegate authority to Director Richard Barron to make emergency changes to polling locations to move, close, or establish on behalf of the Board of Registration and Election. **Mr. Barron** described the voting process during Early Voting (EV):

- The voter check-in and sign an electronic in-person app
- The voter is saved in ElectioNet (given credit for voting)
- The voter ballot is activated on a green card with a chip- no longer yellow
- The voter inserts the green card in the BMDs to vote the ballot and print their selection(s)
- The voter walks to a scanner to cast their ballot

**Ms. Nuriddin** asked how this process was different from the old voting system

**Mr. Barron** explained that the only difference is the color of the card was yellow not green

**Mr. Wingate** asked **Ms. Nuriddin** about when her mother received credit for voting and the complaints heard from voters that didn't see status update of this election

**Ms. Nuriddin** responded that her mother voted the day before and she checked her status and her status in MVP displayed accepted. **Ms. Nuriddin** reminded **Mr. Wingate** of the challenges that occurred in Northern Fulton

**Mr. Barron** explained that a team was established to go through all the applications to audit and update ElectioNet, if needed. **Mr. Barron** noted the issues with ElectioNet at the beginning of Early Voting contributed to the irregular processing procedures. **Mr. Barron** explained that once a voter feed their ballot into the scanner that is a clear indicator that their vote was cast.

**Mr. Barron** spoke with **EV staff and Ms. Benjamin** both provided the same explanation that ElectioNet spooled continuously and their inability to save the record. The vote was saved in EasyVote but was unable to be saved in ElectioNet. The **DRE** is currently auditing those applications. **Mr. Barron** explained that by him being on this Bipartisan Task Force of SOS, he intends to suggest that counties have the ability to use their own voter registration system especially the larger counties.

**Dr. Ruth** asked has all application been reconciled to provide voter's credit in ElectioNet

**Ms. Nuriddin** informed the public that they can lawfully witness tabulation and you are not required to be assigned by any political party
